“Thank You Nicholas for your insight, positive thinking, constant educational opportunities and programs that you provide. Working the principles has given me faith in the success of my endeavors. After the 10-week session was over, I digested what was presented and could not wait for another Mastermind Group to begin. I attended another 10-week mastermind group, and again I have noticed the positive effect that the group had on my business. My own business had not experienced this type of monetary success in more than 12 years. There are a few factors which I believe have caused this and one of the main ingredients was the Mastermind Group and Nicholas’ coaching.”

– Victor Zaharchenko,  
CEO CSW Supply, Tempe, Arizona
